Dear [MP's name],

As one of your constituents, I would like to inform you that I have recently signed this petition to our Prime Minister.

As Christians in the UK, we stand in support of equitable global access to the Covid-19 vaccine. No-one is safe from Covid-19 until the vaccine is accessible everywhere, and key to this access is for the UK Government, along with governments worldwide, to take on the four justice steps stated below. Together as Christians across the UK, we call for the following:

- **Governments in member countries of the Organisation for Economic Co-operation and Development (OECD) to enhance aid budgets** to fight the pandemic, respond to its humanitarian impacts and support recovery.
- **Strong international co-operation among the global community and global condemnation of "vaccine nationalism"**. Specifically, we call on the UK Government to support worldwide collective efforts to put an end to the pandemic and produce vaccines for all on a fair and equitable basis.
- **Governments to enable manufacturers to commit supplies to poorer nations and supply vaccines at cost**, at least until the pandemic is over, and urge employees, investors and other stakeholders in the pharmaceutical industry to lobby for this commitment.
- **Collective support for research in preventing future pandemics** and for research into limiting the knock-on adverse effects of the virus on an array of services in low and middle-income countries.

In return, we recognise the important role faith communities can play as civil society enablers. Our local and national church leaders are encouraging people to take up their vaccines. I am based at [name of church], where we have been involved in supporting our local community throughout the pandemic by [detail any church volunteering/vaccination centres/foodbank support etc].

We know that this has been a challenging time in our country, and we want to assure you of our ongoing prayers. You can contact me at [email] or [telephone]. I look forward to your reply.

Best wishes,

[Your name]
